At Ocean Health Initiatives, Inc we are dedicated in providing high quality, accessible, comprehensive care. Our pediatric department provides primary care from birth through adolescence. Our board-certified providers are very knowledgeable and will meet all your health needs.

As a Patient Medical Home, the pediatric team will work together with nurses, behavioral health, dental and other departments to offer your child the best care they need.

Our goal is to provide you with the individualized care that you need and deserve. We understand that children have diverse and unique needs and our care is specialized for YOU.

**About Pediatrics Services**

**Comprehensive Primary Preventive Care including Well Baby, Well Child, and Adolescent Visits**

**Comprehensive Care for minor, serious and chronic pediatric illnesses**

**Immunizations**

**Physicals for sports, school or employment**

**Referrals to WIC (Women, Infants and Children Nutritional Program)**

**Developmental Assessments**

**Screening services including: Hearing, Vision, Anemia, Cholesterol, lead Tuberculosis, and EPSTD (Early - Periodic Screening and Diagnostic Testing)**

**Dental Visits**

As your child grows, routine dental checkups will be needed. Experts recommend that children make their first dental visit by their first birthday.

**Well Child Visits**

Regular childhood medical checkups enable physicians to monitor your child’s health and help prevent any future problems. In addition to your child’s exam, the visit may also include screening and health education.

**“Well-Child” Checkup Schedule**

- Newborn
- 1 month
- 2 months
- 4 months
- 6 months
- 12 months
- 15 months
- 18 months
- 24 months*

*After 24 months, your child should have one exam annually.
