ABOUT

At Ocean Health Initiatives, Inc we are dedicated in providing high quality, accessible, comprehensive care.

Our pediatric department provides primary care from birth through adolescence. Our board-certified staff is very knowledgeable and will be caring your child as whole instead of just treating the illness.

As a Patient Medical Home, the pediatric team will work together with nurses, behavioral health, dental and other departments to offer your child the best care they need.

Our goal is to provide you with the individualized care that you need and deserve. We understand that children have diverse and unique needs and our care is specialized on YOU.

Dental Visits

As your child grows, routine dental checkups should take place every month.

Experts recommend that children make their first dental visit by their first birthday.

Well Child Visits

Regular childhood medical checkups enable physicians to monitor your child's health and help prevent any future problems.

In addition to your child's exam, the visit may also include questions about:

- Behavior
- Care
- Diet
- Sleep
- Safety
- Parenting Tips

"Well-Child" Checkup Schedule

- Newborn
- Under 6 weeks
- 2 months
- 4 months
- 6 months
- 12 months
- 15 months
- 18 months
- 24 months*

*After 24 months, your child should have one exam annually
